Here's the revised paper. Note that we've added in next steps summary. We had included some timeframes but after discussing with Bob and Anne a few minutes ago, we felt it would be better to take those out and just give the time estimates orally at the briefing. Thanks for everyone's input!

Subject: Re: Oxitec EUP 1 Pager

Mike,

Thanks for doing. I have a few basic edits. I will send as soon as I can.

Can you give me two things:

- timeframe to have the MRIDs reviewed by a contractor, timeframe to get a contractor set up to organize the comments, timeframe to do a risk assessment, AND - the trade-offs in your branch in terms of Wiebke and Eric's work and any others - what does not get done? Who do we need for comment review and response?

Have we coordinated with OGC on their role on Tuesday?? Legal issues/vulnerabilities?
